

8020C Bi-Amplified Loudspeaker System

[overview](#) | [specifications](#) | [documentation](#) | [reviews](#) | [gallery](#) | [systems](#)

The small Genelec 8020C has been designed for monitoring in difficult listening environments, particularly those compromised by lack of space.

However, size is no handicap to performance as the 8020C two-way active monitoring system incorporates Genelec's acoustic design innovations to minimise all forms of distortion.

Our Intelligent Signal Sensing (ISS) feature, reduces power consumption to less than 0.5 watts by automatically
